

ApolloDesignScapes®

Congratulations! Your new DesignScapes® have arrived. Here's a simple tutorial to help you install them with ease.

Send us a photo or video of your Apollo DesignScapes® in use to be entered to win a prize valued at \$25. The winner will be selected at the beginning of each month. Submit your photo or video on ApolloDesignScapes.com or email Marketing@ApolloDesignScapes.com. We'd love to hear what you think of them, too.

Thank you for purchasing Apollo DesignScapes®.

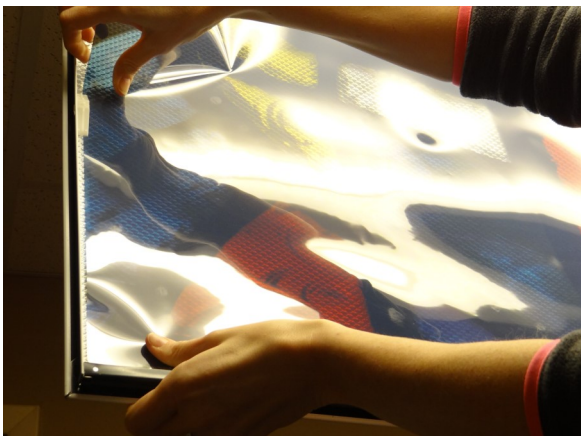

Installation Instructions

Step 1: Open the tabs on your fluorescent light to unlock the frame. (This may require a screwdriver.)

Step 2: Gently lower the frame. It is connected to the opposite side and should swing downward.

Step 3: Place your Apollo DesignScapes® artwork side down on top of the plastic diffuser cover. There is no need to remove the diffuser panel.

Step 4: Gently raise the frame and lock in tabs.
